

## Flavors of the Season

*The Dissident Returns!*

**The Dissident** Eighteen months in isolation, The Dissident is a distinctive Flanders-style brown ale, with a fruity aroma and flavor. Our only wild yeast beer, *brettanomyces* and *lactobacillus* impart its characteristic sour taste. Lavished with whole western Washington cherries (which, by the way, our Brewmaster picks out personally during family vacations, to the tune of much eye-rolling from his children). It's our wildest, most expensively pampered beer. Available in limited quantities in 22 oz bottles and on draft all over the west in late September.

ABV 10% RESERVE SERIES

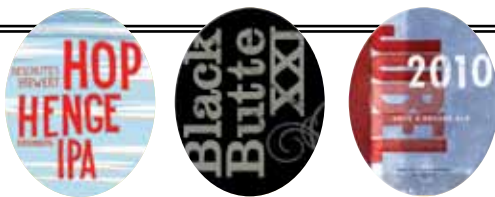

## The Fantastic Fanatic

*Undying devotion from fans far from Bend.*

*Dear Deschutes,*

Great job! In the last couple of months, I've been able to try the Hop Henge Experimental IPA, the Black Butte XXI, and the Jubel 2010. All were very excellent! My vote for the most-bestest-excellent would be the Black Butte XXI. But here is a good story for you...last Sunday I took the Jubel 2010 to an in-law/family dinner. Knowing that my in-laws don't drink, I felt no risk to my beers. Being polite, I offered my brother-in-law a glass. Then his next two statements are a testament to how great your beers are: #1 "Can I have another?" and #2 "Wow! That's the best beer I have ever drank!" Just a shout-out to you...let your crew know that they're making a bunch of people in the middle of the Pacific very happy!

## The Beer Drinker's Truth

*Mike's Angle: Ready, Set, HOP!*

### KANGAROOS & HOPS

Jill, Joey, the mob and beer all have hops, just don't mess with their tails.

Some fun facts about hops for people with short attention spans (like me):

- Hops grow on bines (hair-like spikes that help them cling) as opposed to vines (suction cups or tendrils)
- Hops can grow 25 feet in 2 months
- Hops have medicinal qualities that are said to induce sleep and help regulate the digestive system
- The Lindy Hop was invented in the 1920's in response to the popularity of swing music
- Hops have over 200 distinctive aromatic qualities
- There are 50 different kinds of kangaroos
- Hop cones only grow on the female plant – the female plant doesn't need the male plant to produce cones
- A female kangaroo is called a "Jill" and a baby kangaroo is called a "Joey"
- The Calaveras County annual frog jump celebrated by Mark Twain in his 1867 story continues to this day in Angels Camp, California
- Hops are said to increase the production of breast milk
- Each Joey has its own teat in the mother's pouch that is specific to its nutritional needs and age
- The "Mob" controlled beer production during prohibition
- A group of kangaroos is called a "mob"
- Kangaroos are unable to walk, run or move backwards, though they swim well
- If you lift up a kangaroo's tail, it cannot hop
- **Hop Trip** is coming in September – stay tuned to our website for a specific date

**EDITOR'S NOTE:** Oddly enough, all this stuff is true.

**Deschutes Brewery Base Camp Week**

**SEATTLE, WA**  
Sept. 17th - 26th

- Sep 18** Star Cross Cyclocross Race (*Marymoor Park*)
- Sep 19** Rad Racing GP Cyclocross Race (*Lake Sammamish Park*)
- Sep 23-25** KEXP Rockabilly Ball (*Tractor Tavern, Ballard*)
- Sep 24-26** Fremont Oktoberfest

Deschutes is thrilled to throw a week-long party in one of the best beer towns in the country-Seattle, WA! The extravaganza will be anchored by the four exciting events above and surrounded by a sumptuous schedule of beer dinners and tastings filling out the week. Woody, our giant wooden beer barrel and mobile bar, will be rolling around town, pouring beers for the thirsty masses at the Cyclocross races. He then returns to the Fremont Oktoberfest (his debut in 2007) for his birthday party with 20,000 friends! We invite everyone and their mother to join us in Seattle to share our courageously crafted beers.
